Section 1: Introduction and Context

Section 2: Current and Proposed Position

Section 3: Risks, Assumptions and Dependencies

Section 4: Work Plan for Integrating LEP Functions

Section 5: Governance Timeline

Section 6: Communications Plan

## 1. INTRODUCTION AND CONTEXT

The South East Local Enterprise Partnership (SELEP) was constituted in 2010 covering the administrative geography of six Upper Tier Local Authorities (UTLA) and twenty-nine District, Borough and City Councils. It has been built on a foundation of strong governance and assurance processes, supported by Essex County Council (ECC) as the Accountable Body. Governance evolved further, as Government required the partnership to formally constitute as a Company Limited by Guarantee. SELEP Ltd was formed in 2020 and our 20 Directors offering political, business and academic representation provide a truly collaborative partnership of the public and private sector, alongside Government, to drive economic growth across the region.

Over more than 10 years, SELEP has successfully overseen the investment of over £650m in capital grants to improve road and housing infrastructure, commercial enterprise, skills and research and innovation and has strengthened the business voice to work strategically on sectoral and thematic opportunities across the region. It has been driven by robust data and intelligence and collaborative strategic planning to ensure focus and effective prioritisation.

In August 2023, Government announced it would not continue to fund LEPs from 2024/25 and that their functions should be integrated into UTLAs. This evolution of policy, as part of the Government's devolution agenda, has led to the SELEP Strategic Board taking the decision, in July 2023, to integrate the LEP functions and resource into the UTLAs by 31<sup>st</sup> March 2024. This is to provide the greatest clarity and continuity to all partners, and in particular the business community and the SELEP team.

SELEP has therefore embarked on integration planning and to structure the process, the work has been broken down into five workstreams, each led by a member of the SELEP team:

- Governance & Capital Programme
- Data & Intelligence
- Partnerships & Networks
- Growth Hub & Business Support
- Resourcing

Following the draft plan being agreed by Strategic Board in October, we have evolved the final plan to set out the following:

- work completed and decisions already made;
- specific tasks still to undertake and timelines;
- remaining decisions, risks and updated critical path.

Please note that this document is designed to provide an overall LEP wide plan for integration. Local authority areas are developing their own integration plans that will detail the local context, implications, resources and decision making, including future ways of working e.g. Business/Local Economic Growth Boards and partnership arrangements.

## OVERALL AIMS AND OUTCOMES

**Aim:** To fully integrate LEP functions within UTLAs by 31<sup>st</sup> March 2024.

**Outcomes:** A successful integration will mean that from 1<sup>st</sup> April 2024:

- ✓ Current SELEP accountability arrangements are concluded, with ongoing responsibilities transferred to UTLAs under new agreements<sup>1</sup>.
- ✓ Future arrangements and processes are agreed for delivering LEP functions, as set out in Governments letter of 4<sup>th</sup> August and subsequent guidance.
- ✓ New Growth Hub accountable bodies are agreed and fully prepared for taking on functions that will enable delivery of business navigation services across Greater Essex, Kent & Medway, and East Sussex (subject to funding allocations being confirmed by the Department for Business and Trade).
- ✓ SELEP generated reports, data and analysis are shared and an agreed archive is in place, enabling UTLAs to take the lead in data analysis for their areas with ongoing access to sources used by the LEP.
- ✓ All current SELEP partnerships have a clear future direction with new support arrangements in place where required.
- ✓ UTLAs are resourced to undertake LEP functions and successful integration of SELEP resource to the UTLAs has taken place, where agreed.
- ✓ Closure activities in relation to SELEP Ltd are in progress.

<sup>1</sup> Please note this is subject to further clarification and may only be applicable to funding.

## 2. CURRENT AND PROPOSED POSITION

This section headlines the current and proposed positions for integration of the main areas of LEP functions. Section 4 supports this by outlining the areas of work, tasks and actions to be taken to achieve integration. **Please note** that these are all subject to ongoing local discussions, as well as central and local decision making.

	<b>CURRENT</b>	<b>PROPOSED (2024/25 onward)</b>
Governance and Capital Programme	Management and administration of LGF, GBF and GPF by SELEP, supported by ECC as the Accountable Body for the funding and underpinned by the SELEP Assurance Framework.	Management of LGF, GBF and GPF <sup>2</sup> by UTLAs for their own projects. The UTLAs will assume Accountable Body status and report directly to Government, where required, on their projects. Local Governance arrangements in place and will work to a new Assurance Framework, an amendment of the English Devolution Framework, which will be supplied by Government.
Growth Hub	Central strategic co-ordination of Growth Hub operations and administration of funding, supported by ECC as the Accountable Body for the funding.	Three independent Growth Hubs <sup>3</sup> , each having an Accountable Body for administration of funding and reporting directly to Government.
Partnerships	Sectoral/thematic independent working groups convened and supported by the SELEP secretariat <sup>4</sup> , with membership from a wide range of partners, both public and private sector.  SELEP is a member of the Greater South East Net Zero Hub (GSEZNH) Board of 11 consortia LEPs, responsible for providing strategic steer, maintaining a governance structure and making recommendations for funding allocations.	The following groups will continue to be offered secretariat support by UTLAs: SECEN; Major Projects Group (MPG); and Housing and Development. It is proposed this is initially committed to for a 12 month period to enable the integration and future ways of working to embed. (To note, the Skills sub-group of MPG will also continue; supported by the Construction Industry Training Board (CITB)). Three UTLA representatives to replace SELEP on the GSEZNH Board, representing functional economic areas. This change to current arrangements is subject to evolving Hub governance arrangements.
Resources & Information	SELEP resources, including the Secretariat (the team), websites, information, data, data tools held and funded by SELEP, all residing with ECC as Accountable Body.	Members of the SELEP secretariat will transition to UTLAs, where possible, to continue to support integrated functions and potentially wider, in line with the agreed SELEP and local integration plans, as will any other resources that have ongoing application.

<sup>2</sup> GPF decision taken at Strategic Board, October 2023 but remains subject to a subsequent decision by the SELEP Accountability Board in February 2024 to approve funding allocations.

<sup>3</sup> Working proposal is that lead authorities will be East Sussex County Council, Essex County Council and Kent County Council and will be subject to 2024/25 funding allocations being received from DBT.

<sup>4</sup> Please note the structure and operating models of the working groups differ, and as such the level of support provided by SELEP and the engagement by UTLAs has varied across groups.

### 3. RISKS, ASSUMPTIONS AND DEPENDENCIES

#### INTEGRATION RISK REGISTER

KEY RISK	MITIGATIONS	OWNER
Delay of further Government guidance to UTLAs and the quality, coverage and completeness of that guidance ( <i>current expectation is that it will be released in January 2024</i> ).	Planning will continue to take place, so we are in the strongest place to progress once guidance is received. Development of back up proposal ('Plan B') that could be implemented if guidance and approvals were not received in time to undertake work to meet the 29/03/24 deadline.	SELEP
Lack of formal response from Government regarding future accountable body arrangements and how these will be implemented.	As above. Further clarifications have been received from DLUHC (3/11/23) which indicate Government is comfortable with having more than one AB across the LEP. This presents an indication that a swift formal response would be received with further clarification on how it should be achieved.	AB
Agreement between Government and all partners cannot be reached on future accountable body status.	ECC, as current AB, would remain accountable under current arrangements until March 2025. Funding would need to be agreed to support this work and may include a requirement for continuation of the Accountability Board supported by a revised Assurance Framework and Partnership Agreement. ECC could challenge this directly with Government.	AB
Late confirmation of funding arrangements for the Growth Hub and impact on continuity of service.	Continue with planning and preparation, including progressing market engagement, procurement and/or waivers as far as possible, on the basis that funding is forthcoming. Seek alternative means to temporarily underwrite the cost of the service to enable continuity <sup>5</sup> . Prepare holding communications including signposting in the event of a temporary break in service.	UTLAs
Reduction in/insufficient capacity within Secretariat to progress the integration in a timely manner.	Continue to support staff and monitor workload. Undertake staff consultation (informally or formally as required) in a robust and orderly way to provide clarity about future opportunities at the earliest opportunity. Seek secondment or external support should capacity reduce any further.	SELEP
Reduction in/insufficient capacity within UTLAs.	Closely monitor progress across the LEP and UTLAs to flag any capacity issues that may impede our ability to progress.	UTLAs

<sup>5</sup> such costs can be claimed back on receipt of Growth Hub grant where this is in line with the Grant Agreement with DBT.

Reduction/insufficient capacity within the accountable body to undertake tasks to facilitate integration in a timely manner.	Continue to identify additional activities that the AB will need to undertake aligned to integration. Continue to monitor workload. Seek additional internal support if required.	AB
Speed and timings of formal decision-making processes within individual UTLAs impedes ability to meet March deadline.	Governance timeline continues to be monitored and updated to ensure a collective understanding of when and how decisions are being taken by all partners. If these cannot be met due to external delays, then Plan B may need to be implemented and governance timelines reset.	UTLAs
Misalignment of decision-making processes within all UTLAs to the SELEP timetable and 31st March 2024 deadline.	As above.	SELEP
Uncertainties over future Government support and funding.	Continue to push Government on timely funding decisions for LAs to undertake LEP functions including 2024/25 GH funding allocations.	All
Difficulty accessing information and data relating to SELEP activities following integration.	Future reporting requirements to be kept under review as part of Governance workstream. SELEP website to be retained for an agreed period post March 2024 as a key source of SELEP reports, data and decision-making. AB and UTLAs to retain and archive relevant information as required. Specific data and contacts to be reviewed and shared with UTLAs in line with GDPR guidance.	SELEP
Reputational risk of poor or disjointed communications, both within the partnership (SELEP and UTLAs) and with external stakeholders.	Continued development and monitoring of our communications plan. Facilitation of a virtual comms group between SELEP and UTLAs to ensure timely and consistent communications. Updating and sharing of the key messages paper.	SELEP
Retaining/securing the appropriate capacity and structures to complete residual LEP activity post SELEP Ltd closure.	Ascertain as soon as possible what the residual activities are and who is required to undertake them, noting that this may include additional internal resource to deliver. The costs for delivering this service will need to be funded from the residual SELEP budget, subject to approval by the Accountability Board.	AB

## **ASSUMPTIONS**

To ensure successful integration, the work is progressing based on the following assumptions:

- There is sufficient resource in place within UTLAs, including the Accountable Body, to support the integration process.
- Sufficient Growth Hub funding will be forthcoming for 2024/25 service delivery.
- Government advice and funding commitments will be made in good time to allow preparation, implementation and, where needed, procurement of new delivery arrangements (especially for the Growth Hubs).
- UTLAs, where applicable, will accept and accommodate any delays caused by late receipt of Growth Hub funding confirmation, to administration of that funding, and procurement and/or recruitment for ongoing service delivery.
- That SELEP Boards remain quorate and can take all necessary and timely decisions to complete the integration plan.

## **DEPENDENCIES**

A successful and timely integration will require:

- Early confirmation of geographical coverage of new Accountable Body arrangements.
- Government advice being received at the right time.
- Government function and funding confirmations for UTLAs received by January 2024.
- All local authority formal decision making concluded by March 2024, ahead of March SELEP Strategic Board.

## CROSS-CUTTING THEMES

There are a number of themes that cut across the workstreams:

- **Communications** – SELEP will need to communicate clearly with stakeholders during the integration process and provide links/sign posting to UTLAs that will be taking on LEP functions so that the UTLAs are able to undertake their own communications activity.
- **Resourcing** - An additional workstream convenes around resourcing to understand requirements for the integration phase as well as for each UTLA post integration. This includes confirming the resource and revenue needs and the proposed use of residual LEP funds (this will be subject to a decision by the Accountability Board).
- **Information** –Agreement will need to be reached regarding the information currently held by the LEP, such as that on its website and other documentation, on whether and how to retain, integrate or discard.
- **Governance** – Mapping the timelines for decision making across the LEP and 6 UTLAs is crucial to understanding the overall integration timetable.

## CRITICAL PATH

Below is a programme which articulates the critical dependencies and milestones. A delay to these dates could put the Board objective of achieving integration by the 31<sup>st</sup> March 2024 at risk. The timeline has been developed with the following dependencies and assumptions:

- The completion dates are the dates by which the activity needs to be fully concluded, enabling integration.
- The critical milestones need to be achieved to secure a successful transition of LEP functions to UTLAs by the 31<sup>st</sup> March. Any delay to these critical milestones will put this date at risk.
- Growth Hub funding allocations and grant offer letters for 2024/25 are required for provision of the Growth Hub service.
- There are statutory timescales that cannot be shortened.
- If it is possible to commence activity prior to the start date shown in the programme then we should do so to help resource management.
- Key meeting dates for UTLAs have been identified by officers. Maintaining these dates for key decisions on LEP integration will be vital to ensure the 31<sup>st</sup> March 2024 date for integration is achieved.
- That there will be residual activities, such as audits and accounting that will need to take place post transition, regardless of the timeline.

## 4. WORK PLAN FOR INTEGRATING LEP FUNCTIONS

The SELEP team have worked to fully scope each core functional area of work. Five workstreams were established in August for each function to share information, knowledge and expertise with UTLAs. UTLAs nominated relevant colleagues to join these workstreams and in addition there have been monthly meetings of the LEP Senior Officers Group to monitor overall progress in drafting the plan.

The section below sets out the key milestones, deliverables and decisions needed to fully integrate LEP functions into local authorities by March 2024. This is set out by quarter and by party. Monthly monitoring of this plan takes place to understand progress and to review risks and actions.

### Key

*Accountable Body (AB); Accountable Body Finance (ABF); Accountable Body Legal (ABL); SELEP Accountability Board (ACB); East Sussex County Council (ESCC); Essex County Council (ECC); Growth Hub (GH); Kent County Council (KCC); Medway Council (MC); SELEP Secretariat (SS); Southend-on-Sea City Council (SCC); SELEP Strategic Board (SB); Thurrock Council (TC); Upper Tier Local Authorities (UTLA); SELEP Based Working Groups (WG).*

*Workstreams: Governance and Capital Programmes (G&CP); Growth Hub and Business Support (GH&BS); Data and Intelligence (D&I); Partnerships and Networks (P&N); Resourcing (RS).*

### PROGRESS IMPLICATIONS FOR THE CRITICAL PATH

The table below sets out any milestones on the critical path that were missed, along with the implications and actions.

ITEM	DEADLINE	ACTUAL	IMPLICATIONS
Proposals for new AB arrangements sent to Government.	16/10/23	01/12/23	The letter still requests a response deadline that, if met, would leave the critical path unaffected. The clarifications received in November give some assurance that the proposal will be agreed. The response to the letter will hopefully clarify how we enact this, which we are already working towards.
Confirmation of future resourcing demand in UTLAs and HR process.	29/09/23	31/10/23	Consultation timeline has been delayed as role profiles have taken a little longer and HR discussions are ongoing as to the best route of consultation. It is noted that for any members of staff that do not have secured positions, notice period would now go beyond 31 <sup>st</sup> March 2024.

**Commented [HRCES1]:** Does this need to be before Feb ACB ideally, or can/will it have to be agreed outside of a meeting... @Lorna Norris - Senior Finance Business Partner

**Commented [LNSFBP2R1]:** Hi - need Susan's advice on whether this needs to be a formal board decision or otherwise; but we need to be mindful that the Acc Board can't make any funding decisions after the dissolution of the company

**Commented [HRCES3R1]:** @Susan Moussa - Supervising Associate please see above

**Commented [SMSA4R1]:** The decision to wind up SELEP Ltd is one that will be taken by SELEP Ltd rather than Accountability Board. As Lorna has identified, once the company has officially taken a decision to dissolve, accountability board can no longer make funding decisions in line with the provisions set out in the framework agreement.

However, the plan for dissolving the company can be approved (without a decision at that stage re agreeing to dissolve formally), just a decision re any delegations to a transition board of directors (if that will be created)

## 6. COMMUNICATIONS PLAN

### Successful communication around integration looks like:

- Partners and organisations involved in the work of the LEP are aware of what activities are continuing and how these will be undertaken beyond March 2024.
- Levels of engagement with key partners and organisations is retained for those activities which will be continuing beyond March 2024.
- There is clear and consistent messaging across all UTLAs and representatives as to what 'integration' means for the area, focussing on the positive transfer of knowledge, expertise, and networks.

### COMMUNICATION PRINCIPLES

Communications around integration need to be focussed on the functions and where there will be continuation of activity rather than the administrative background to the delivery of these. It is important to share messages around timelines and to manage expectation of partners. There is a risk around levels of engagement of existing partners and continuing work if communications are not careful in the terminology used.

Headline messages have been developed and following each Board meeting these will be revisited, tweaked and reshared with Board members and other partners to ensure clear and consistent messaging for all, across the area.

As part of the workstream communications considerations are being discussed, particularly around the channels, such as the website and continuation of our network and database.

General communications and messages do not include sharing of future arrangements and responsibilities with funders and those where SELEP holds contracts. This is more detailed work covered by each workstream.

### EXTERNAL VS INTERNAL AUDIENCE

In our approach to communications, we anticipate most of the messages around integration will be aimed at our 'internal' audience. This means all those partners and organisations who are part of the LEP partnership and network.

### APPROACH

As a cross cutting area of work, there is not a communications workstream but a more detailed Communications plan is being developed which flows out of the discussions and covers *what we need to say, to who, by when and how* and this will be shared with all workstream leads and a communications task and finish group will be brought together when needed to discuss key issues and agree a way forward.

<b>WHAT DO WE NEED TO SAY - HEADLINE</b>	<b>TO WHO</b>	<b>BY WHEN</b>	<b>HOW</b>	<b>NOTES</b>
Awareness that we are working to integrate LEP functions into UTLAS as required by government and further detail will follow.	Existing SELEP network	Summer 2023	Lines to take have been shared with Board members and included in the SELEP newsletter to the network.	Messaging shared in August 2023.
Further headlines regarding the approach and agreement of plan for integration.	Existing SELEP network	Post each Board meeting until March 2024	<p>Revised lines to take will be shared.</p> <p>Virtual comms group with leads for each UTLA is being established to make sure all areas are aware of the messages and terminology and to build relationships for creation of 'combined' messages which will be needed for March 2024.</p>	<p>Revised messaging shared at end of October following Strategic Board meeting with further detail for stakeholders as to how the future arrangements will look.</p> <p>Lines will be drafted after each key decision point.</p> <p>Ongoing correspondence with the communications group, the group will convene virtually when required</p>
Future arrangements for economic growth strategy, business voice and funding in each area, following further guidance from Government and progression of LA planning.	Existing SELEP network, wider business community, local networks	January/February 2024	Agreed messaging to be developed with the local areas which can be used by SELEP representatives and included on SELEP website and newsletter etc.	UTLAs to share their own messages – developed in collaboration for consistency.
